Subject: RE: PDI Report Lower Ley Creek

Hi Todd,

As you indicated in your email, I will expect the PDI sampling report next Wednesday (May 27, 2020). I do want to express that I am surprised at the continuous delay. As stated on page 23 of the RD AOC, there are fines associated with delays. I do not intend to bring up these penalties as I understand that there is no urgency regarding Lower Ley Creek at the current time; however, I expect that moving forward, we can reach an understanding regarding deadlines and hope to stick to agreed-upon schedules.

For your reference, I attach the RD Schedule from the Lower Ley Creek Statement of Work. According to this schedule, the 30% RD will be due August 25, 2020 (90 days after May 27, 2020). Please let me know ahead of time if there are any issues with the submittal deadline and I welcome you to reach out to me (at least a few weeks before August 25) if there are any delays.

9	Pre-final (95%) RD	Same as above, plus draft SMP, ICIAP, and PRSP	3.9	60 days after EPA comments on the Intermediate RD
10	Final (100%) RD	Same as above, including draft versions of the SMP, ICIAP, and PRSP	3.10	60 days after EPA comments on Pre-final RD ¹

Thank you for understanding and keeping me apprised of any delays in PRP deliverables. I am also missing progress reports from March, April, and May 2020. Please send them along as soon as you are able.

Hope you have a wonderful holiday weekend,

Victoria

Hi Victoria,

Arcadis and the Respondents have some remaining details that need to be addressed prior to submittal. The Respondents plan to submit the final version of the PDI Data Summary Report to EPA on May 27, 2020.

Please let me know if you have any questions.
